General English: These classes combine all four language skills: speaking, listening, reading, and writing while focusing on grammar structures, vocabulary building and pronunciation. Depending on enrollment, three levels are usually offered: beginner, intermediate, and advanced.

Pronunciation: This intermediate-level course is for students who want to learn American English pronunciation through intensive practice. Course goals include increasing accuracy in reception and production, reducing accent, analyzing the sounds of American English, and developing phonemic discrimination skills.

Conversation: This intermediate-level course is for students who want to develop their knowledge and use of spoken English. It focuses on all the factors that play a role in casual conversation, including pronunciation, slang, idioms, and colloquial language. It also focuses on popular topics that reflect Americans’ cultural interests.

TOEFL Preparation: This advanced-level course focuses on the development of the writing, reading, speaking, and listening skills needed to be successful on the TOEFL test. Students will expand their existing language knowledge and skills through a focus on vocabulary, grammar, rhetorical forms, as well as test-taking strategies.

IELTS Preparation: This advanced-level course focuses on the development of the writing, reading, speaking, and listening skills needed to be successful on the TOEFL test.
