Technology Requirements

Regular access to a computer and a fast internet connection.
Detailed information about system requirements and browsers is available in the UA D2L Help site.

Web Browsers
Chrome is not recommended at the moment. Use the latest versions of Internet Explorer or Mozilla Firefox.

Additional hardware requirements:
You will need speakers or a headset, a microphone, and a web camera to participate in the synchronous online chats.

If you need computer help, contact
UA D2L Help - http://help.d2l.arizona.edu/ - for any issues with the performance or availability of D2L. There is a link to a Problem Report Form if you cannot find resolution to your question on the help site.

UA 24/7 Support Center - http://uits.arizona.edu/departments/the247 - for all matters not directly related to D2L.
